

Introduction

This chemical imparts excellent cleanliness of boiler internals by preventing scale, metal ions and metal oxide deposits formation. Our chemicals are processed from quality approved compounds at our state of the art labs, in sync with international quality standards. Moreover, our chemicals are appreciated in the market for their attributes like precise composition, longer shelf life and pure quality. Our clients can avail these chemicals from us at reasonable prices.

With rich market knowledge as well as experience, we have been able to emerge as a reliable organization engaged in offering PELICAN-BLR. It is a dark brownish color liquid, used in fabric preparation, dyeing and finishing process. Our diligent manpower uses superior grade compounds to process this chemical. To ensure safe transportation, we pack this chemical in air tight bottles. Clients can get PELICAN BLR at affordable prices.

Features

- Non toxic
- Free Adulteration
- Extended shelf life
- Precise pH Value
- Longer shelf life
- Dependable Mild
- Excellent Packaging Solutions

Packaging

Only 50,55,60 Kg Packaging available

Note: We make sure that our offered chemical is formulated in a hygienic environment.
